PAUL HOOK INJURED SEVERELY WHEN CAR HITS AUTO AT PIQUA

Bernice Garrison, 20, Sid-
ney, Dies After Col-
lision

Miss Bernice Garrison, 20, Sidney, is dead and Paul Hook, Greenville formerly of Xenia, is in Memorial Hospital Piqua, seriously injured, as a result of a crossing accident at 9:45 o'clock Thursday night, when their coupe was demolished by a westbound Dayton, Covington and Piqua car on the Covington Pike near the Piqua corporation line.

Both were removed to Memorial hospital where Dr. J. F. Beachler said Hook had sustained a fractured skull. He is unconscious, but will live.

Miss Garrison died Friday. She had compound fractures of both legs, her face was lacerated and she also received internal injuries.

Both were employed at Greenville. Hook worked at the Welsenberger drug store and Miss Garrison was employed in the J. C. LaBelle restaurant in that city. They were en route to Piqua at the time of the accident.

Conductor E. M. Herr and Motorman E. F. Rudy were in charge of the traction car. Rudy is quoted as saying Hook was racing a second automobile and drove directly upon the tracks in an effort to pass it. The line penetrates the exact middle of the highway at that point.

Another eye-witness informed police that the traction car had no headlight and that Hook apparently failed to notice the approaching car when he tried to pass the machine.

The coupe was tossed about sixty feet over a fence into a plowed field and Miss Garrison was extricated with difficulty after being pinned beneath the wreckage. Several windows of the electric car were shattered in the collision and the car was derailed.

Paul Hook moved from Xenia about five years ago. He was first employed at Springfield and later went to Greenville.

His father and mother, Mr. and Mrs. Thomas Hook, live on E. Church St., Xenia. Three brothers also live in Greene County, Del Hook, Washington St., Xenia, Roy, New Jasper Pike, and Fred, Xenia.

JURIES WILL PROBE PRISON CONDITIONS

CHICAGO, May 7.—With three of the seven convicts who escaped from the Illinois State Penitentiary at Joliet Wednesday, still at large today, two county grand juries plunged into an investigation of conditions at the penitentiary which made possible the dash to freedom and the murder of Deputy Peter Klein.

The grand jury of Will County at Joliet, which happened to be touring the penitentiary when the convicts made their spectacular escape, probed prison rules of conduct in an effort to explain why it was possible for the seven men to gain access to the warden's office at one time.

WOMAN INJURED IN CRASH GETS \$2,500

Dr. A. B. Kester, Xenia dentist, must pay Mrs. Frances C. Laist, wife of Professor T. F. Laist, head of the Antioch College lumber research department, \$2,500 for permanent personal injuries sustained in an automobile accident in December, 1925, a jury in Common Pleas Court decided Thursday afternoon.

Verdict for that amount was rendered at 4:15 p. m. after a deliberation of two hours and a quarter. Ten jurors concurred on the verdict. Jury was composed of six women and six men.

The trial lasted three days. Mr. Laist sought \$10,852 damages for alleged personal injuries, damage to her automobile, medical service fees and a smaller amount because she was deprived of the use of the machine for a period of several months.

OHIO WOMEN VOTERS DISCUSS ISSUES AT TOLEDO CONVENTION

TOLEDO, May 7.—Discussion of international issues today, marked the second opening of the seventh annual convention of the Ohio League of Women Voters.

The convention, indicated, would concentrate on some panacea for national and international evils, namely war. The prohibition also marked the opening discussions.

During the morning the nominations committee made its report recommending re-election of all incumbent officers. These include: Miss Sybil Burton, Zanesville, president; Mrs. Malcolm L. McBride, Cleveland, vice president; Miss Agnes Hilton, Cincinnati, second vice president; Mrs. W. E. Henderson, Columbus, third vice president; Miss Grace R. Peters, Columbus, secretary and Mrs. Freeman Eagleson, Columbus, treasurer.

Candidates nominated for two year term trusteeships included Judge Florence E. Allen, of the Supreme Court.

For one year terms: Mrs. H. L. Hartline, Sandusky and Mrs. Fred Hoyle, Cambridge.

FARMS ARE BOUGHT TO BUY RESERVOIR

CHARDON, O., May 7.—The Akron city waterworks project to form a large reservoir in the upper Cuyahoga River territory in Geauga County, is going forward through the purchase of farms south of Burton.

The state has ordered Akron to increase its water supply, and the city has voted millions of dollars for the purpose. Many farms have already been purchased in Troy township through which the Cuyahoga River winds and other farms are under option. Several have already been purchased.

The project includes the building of a great dam in the southwest part of Troy, which would flood all the Cuyahoga Valley back for fifteen miles into Huntsboro township and together with other dams would make the largest body of water in Ohio.

UNEMPLOYED RIOT AT NEWFOUNDLAND

ST. JOHNS, N. F., May 7.—A crowd of unemployed at Conception Bay last night demanded relief from the government and on being refused, wrecked the commissioner's office, assaulted an officer and raided two stores.

Police were sent from here by special train.

PEACE TALKS WILL BE GIVEN AT CHURCH

The Presbyterian Church is announcing a special feature Sunday morning at 10:30 o'clock, with two peace declamations in line with the program outlined by the Ohio Council of Churches.

Two May Die Result Of Burns Sustained When Blast Occurs On Water—Ship Makes Port In Record Time

CLEVELAND, O., May 7.—A boiler in the engine room of the freighter Mataafa, plying Lake Erie, twenty-two miles north of Cleveland, exploded early today, scalding three seamen, two perhaps fatally. The wounded men were rushed to the marine hospital base. They were E. R. Call, 23, of Conneaut, Ohio; John F. Schwiske, Port Huron, Mich., both stokers and J. G. Brock, 23, Detroit, a coal passer.

Call and Schwiske were so badly burned it was necessary for Captain C. J. Kearns to cut their clothing from their bodies and cover them with oil.

After administering first aid, Captain Kearns headed the boat for Cleveland and guided only by fog signals, reached port in record time. The Mataafa put out from Conneaut Light yesterday for Duluth. It was her first trip of the year. Call and Schwiske were at their places when a tube in boiler No. 1 let go, hurling them across the boiler room and deluging them with scalding water.

Brock, making his maiden trip as a seaman, was standing in the door of the boiler room. He was showered with scalding water. Captain Kearns and other engineers could advance no reason for the blast. U. S. Inspectors were called in for an inquiry.

In 1905, the Mataafa, when 500 hundred feet off shore at Duluth, crashed her after-ventilators taking in considerable water and causing the death of several seamen.

GROVE CITY MAYOR QUITS BEFORE HIS TRIAL SCHEDULED

COLUMBUS, May 7.—Mayor John C. Felton, of Grove City, tendered his resignation to Governor Tiv Donahoe today, shortly before his trial on charges of permitting race track gambling was scheduled to get under way.

Felton was suspended ten days ago after Attorney General Crabbe formally charged him with "permitting and encouraging" operation of pari mutuel machines at Beulah Park, Grove City.

Felton did not tender his resignation directly to the governor but through acting Mayor A. D. White, of Grove City, who in turn forwarded it to the governor through Jas. N. Linton and David C. Sharpe, Felton's counsel.

Two attorneys appeared at the office forty minutes after the trial was scheduled to start. The reason given by Felton for his resignation, was to "relieve the chief executive of this unwarranted embarrassment in which he has been placed through no fault of his own."

Shortly after being notified of Felton's action, the governor ordered dismissed all charges against him, pointing out that he no longer had jurisdiction in the case. Attorney General Crabbe was completely surprised by Felton's action and said the next step in his campaign was to "I have recovered my mind."

Crabbe did not state whether charges would be filed against White, who since being appointed acting mayor, also has been charged with allowing gambling at Beulah Park.

CRISIS IMMINENT IN STREET RAILWAY STRIKE AFTER RIOTS

Motorman Injured In Akron When Strikers Pelt Rocks at Trolley Car—Arrests Follow—Will Picket Shops

AKRON, O., May 7.—Following a night interspersed with violence, a crisis in the Northern Ohio Power and Light Company street railway and interurban strike appeared imminent today.

During the night several men said to have been strikers, fired shots and hurled bricks through the windows of a speeding interurban car. The motorman, Fred Connors, of Barberton, was injured slightly. Shortly after Connors reported the incident, Arnold G. Castell, a striking motorman was taken into custody and a score of other strikers were placed under surveillance.

The disorder followed a mass meeting of 300 striking employees at the Barberton shops, according to police.

The strikers meeting was understood to have resulted in the issuance of orders to picket the N. O. P. shops, the picketers to be assisted by their wives and daughters. This was not confirmed, however.

The Kenmore shops today took on a wartime aspect. Giant lights have been mounted on the buildings and barbed wire has been stretched around the grounds.

A dormitory for the non-strikers who are attempting to operate the cars have been provided. The Kenmore shops are the company's largest and house most of the company's cars.

The walk-out was ordered in protest to a decrease in wages. Akron city service was practically normal today, but no attempts were being made to operate the interurbans. Fifty of 500 strike breakers, who applied for jobs, have been hired.

HARRY M. DAUGHERTY INDICTED ON FRAUD CHARGE IN NEW YORK

NEW YORK, May 7.—Harry M. Daugherty, attorney general in the cabinet of President Harding, today was indicted by a federal grand jury here on charges of conspiracy to defraud the government.

The indictment was returned in connection with the investigation of the affairs of the office of the alien property custodian during the time Thomas M. Miller was custodian.

With Daugherty, Miller and John T. King, former Republican national committeeman from Connecticut, were also indicted.

Specifically the indictment charges Daugherty, Miller and King conspired to return to Germany and Swiss owners \$7,000,000 of stock and assets of the American Metals Co., which had been seized as alien property during the war.

The indictment alleges a "fee of \$301,000" was paid in connection with the return of the assets.

The indictment does not directly say who ultimately received the \$301,000, "fee" but it is supposed to have been paid in 1921 at the Waldorf Astoria Hotel in New York, by representatives of German and Swiss concerns.

Jesse Smith, the mysterious figure who was close to Daugherty during the time Daugherty was attorney general and who later committed suicide, is said to have received the money.

FEES FOR PASSPORT VISAS ARE REDUCED

WASHINGTON, May 7.—The American tourist who goes abroad this summer will have at least one less expense to grumble about. The State Department has made reciprocal agreements with twenty countries for the abolition or substantial reduction of non-immigrant passport visa fees.

Among the important tourist countries in this list are Germany, Austria, Switzerland, Spain, and Sweden. Negotiations are now in progress for similar agreements with Great Britain, France, Italy and other countries which still charges \$10 for such tourist visas. A similar fee of \$10 is charged by this government to nationals of countries which have not made the new reciprocal agreements.

The State Department announced today the following list of countries which it has agreed to complete abolition of non-immigrant visa fees:

Costa Rica, Denmark, Estonia, Finland, Germany, Guatemala, Honduras, Latvia, Mexico, Nicaragua, Panama, Salvador, Siam, Sweden, Switzerland, Persia.

PARLIAMENT WILL CONTINUE SESSION IN SPITE OF STRIKE

Communist M. P. Is Imprisoned For Seditious Talk

LONDON, May 7.—The general strike has reached government houses but parliamentary business will go on.

Speaker Whitley in the house of commons revealed the state of affairs to the house of commons.

"I regret to announce," he said, "that men in several important services have withdrawn. I will not allow any body of persons to disable the house. We will conduct business without any buses or electric light."

The speaker also informed the commons of Shapurji Saklatvala's arrest and imprisonment for two months yesterday on a charge of making seditious statements in a Hyde Park speech last Saturday.

Saklatvala is the only Communist member of parliament. Laborites began protests which threatened to interrupt the business of the commons but Whitley quickly stopped the discussion.

Hot heads among the laborites in parliament reflect discouragement and violence as the government's ability to deal with strike by force became more apparent.

Sir Arthur Holbrook referred to disorders among workers in Action today.

David Kirkwood, a radical laborite, rose in a rage, denounced Sir Arthur and the conservatives generally and charged them with exaggerating disorders.

Jack Jones, the usually genial but sometimes fiery labor member for Silvertown, followed his precedent on such occasions, by inviting any conservative member in the house to come outside and fight.

Other laborites asserted the strikers were not responsible for the disorders, which were described as pure hooliganism.

The debate revealed Dr. Alfred Salter, a labor member was dragged from his car last night while motoring in Battersea.

EDINBURGH RIOTS BRING OUT POLICE

EDINBURGH, May 7.—Windows were broken and many persons were injured in last night's rioting here. Police afoot and mounted, quelled the disturbance with their batons.

Many strikers repudiated the out-
sponsible.

"UNCLE JOE" CANNON RECEIVES REPORTERS ON 90TH BIRTHDAY

DANVILLE, Ill., May 7.—Joseph Gurney Cannon, the fighting Irishman from Illinois whom everybody calls "Uncle Joe," rolled out of bed and dressed this morning, set his old hat at a rakish angle, lighted the proverbial seven inch stogie and strolled out to join in the city's celebration of his ninetieth birthday.

Uncle Joe walked down the front steps of his home to greet the first newspaper men and photographers who had flocked into the town. The man who won the title of the "Iron Duke of American Politics" looked much the same as on that day in 1923 when

MENACE TO COUNTRY BY RIOTS ADMITTED NOW BY GOVERNMENT

Protection Offered Strikers Who Will Return To Work

By United Press
LONDON, May 7.—The British cabinet met today to consider the strike situation. The cabinet meeting was in the premier's room in the house of commons.

LONDON, May 7. — (2 p. m.)—The government today admitted the seriousness of the violence menace which threatens Great Britain as an outgrowth of the general strike.

"Feeling is very strained, but there is little change in outward conditions in the situation," the official statement announced today.

"Constables had to be called out last night to augment the regular police but the police are maintaining complete control of the situation. Approximately 25,000 additional volunteers signed up for service yesterday bringing the total to 75,000."

The price of rioting rose today as the authorities sought to check the angry spirit which was becoming manifest.

A striking bus driver was fined \$25 in Southwestern police court for scattering nails to puncture tires.

Two months at hard labor was given a striking meat porter at the Mansion House. He was charged with obstructing student volunteer meat porters.

Strikers in Darlington sought to hold up a truck loaded with the Northern Echo, a newspaper. The driver stepped on the gas scattering the crowd.

The government communicate a mid-day added there was some further improvement in rail and bus service in London but the improvement was most marked in the provincial cities.

"In reply to queries of workers seeking to return to work," said the communicate, "the government states it is prepared to afford protection for workers in all trades. No settlement of the strike will be agreed to by the government which does not provide complete guarantee for the protection of workers who have gone back to their jobs."

HULL, England, May 7.—Organized gangs roamed the streets today driving buses back to their garages. Meanwhile the authorities determinedly attempted to reorganize transport. There was grave menace of serious trouble.

NORGE ARRIVES AT SPITZBERGEN STOP

OSLO, Norway, May 7.—The dirigible Norge, in which the Amundsen-Ellsworth-Nobile Polar expedition hopes to fly "over the top of the world," arrived at King's Bay Spitzbergen, at 6:30 a. m. today according to word received here.

The Norge had flown from Vadsø in Northeastern Norway, where it had stopped for fuel after starting north from Leningrad on the next to the last leg of the polar journey. The dirigible left Vadsø yesterday at 2 p. m.

The trip from Vadsø to Kings Bay, was made without incident. Captain Raold Amundsen and Lincoln Ellsworth, his American companion, were awaiting the arrival of the Norge at Kings Bay. Commander Nobile was in charge of the dirigible on the flight.

Final preparations for the plunge into the unknown regions of the Arctic will be carried out immediately.

DANISH UNIONS ON SYMPATHY STRIKE

COPENHAGEN, May 7.—Danish unions today decided to strike in sympathy with the British workers. The unions announced they were preparing to send strike notices to the employers.

This was the first important instance of Britain's labor dispute extending to the continent.

Denmark supplies Britain with a major portion of the dairy products of butter, eggs and the like, which is imported. The effect of the Danish union's action will be felt immediately at the British breakfast table.

PROBE DEATHS

PHILADELPHIA, May 2.—Investigation of the death of three civilian navy employees, who were drowned when testing the hull of a new ship, was conducted by naval authorities today. The dead are W. Morgan, A. Renal and R. Langley.

CITY WILL DEMAND REPAIR OF STREETS FOR RAIL FRANCHISE

Proposition of the renewal of the franchise of the Dayton, Springfield and Xenia Southern Railway Co. for interurban traction service to Dayton, dead-locked for the past two years, is expected to come to the attention of City Commission at its meeting next Thursday night.

Principal bone of contention which has held up the grant for the past two years was refusal of the company to accept a franchise to continue Xenia local traction service on S. Detroit and E. Main Sts. after it was a financial failure.

This point of controversy was removed when Federal Judge Smith Hickenlooper recently authorized the concern to discontinue the line despite protests of city officials.

Although this stumbling block was successfully hurdled the way is not yet paved for the franchise. Whether it will be granted by the commission hinges on what over-

tures the company may make with reference to re-paying the section of S. Detroit St., which will be torn up by removal of the tracks.

Commission is expected to take the attitude the company must place the street in good condition again at its own expense. This point may be threshed out at the Thursday meeting when company representatives are expected to present a new twenty-five year franchise and submit their proposition for replacing the paving.

It is not believed commissioners will favor any compromise on this point. Continued refusal to grant a franchise may be the commission's only recourse if the company takes the stand the city should bear the expense of repair work.

City engineers have submitted report of the cost of the project to City Manager S. O. Hale.

The Theatre

The motion picture industry is experimenting with a big factor that has faced other large enterprises—assurance of a ready supply of raw material.

Such material is collected by the Paramount School of Acting, which has just graduated its first "class," and completed its first picture, "Fascinating Youth." The school is an answer to millions of young girls' prayers.

There were sixteen pupils in the first class. Sixteen Cinderellas whose names may be emblazoned throughout theaters of the land in years to come.

Screen personality is the thing the pupils must have," declares Sam Wood who directs the school and who had charge of the filming of "Fascinating Youth." It's more important than acting—there's no dearth of actors, and it's up to us to give them the experience. One year of the individual training they get here is worth more than almost unlimited amount of the hit-and-miss sort. But what we want is potential stars—when you see just

CHRIST EPISCOPAL CARD PARTY SUCCESSFUL

Abetted by a perfect Spring day and smiling skies, the party sponsored by Christ Episcopal Church, at the Elks' Club, Thursday afternoon, was one of the most successful affairs, particularly from an enjoyment standpoint, ever held in the city.

Xenia women responded handsomely to the efforts of Mrs. Charles Adair and her committee. Forty-one tables were in play during the afternoon and in addition a number of guests spent the time with their needlework and social conversation. Excellent patronage of the affair insured the church \$10.00 which will be used as part of the Parish House fund.

Proceeds of the afternoon were swelled by a cake and candy sale conducted by women of the church parish. An air of delightful informality prevailed throughout and guests were enthusiastic in their praise of the party.

Fragrant and delicately tinted Spring blossoms were used in charming profusion about the social rooms. The attractive appointments were also employed in the luncheon course served.

Besides Xenia patrons, the guest list of the afternoon included many from Yellow Springs, Wilmington and Dayton.

Mrs. Adair was assisted in her arrangements for the affair by Mrs. Ralph Hall and Miss Bess Fulton.

NEW CLUB ORGANIZED IN SPRING VALLEY TWP.

Girls from Spring Valley Twp., having completed fourth year sewing club work, have organized a "Girls' Room Club." Officers are: president, Dorothy Conard; vice president, Kathryn Van Pelt; secretary, Marjorie Haydock; treasurer, Catherine Nogdke; reporter, Viola Curry.

After the election, Mr. J. R. Kimber, county extension agent, discussed with the members the line of work in interior decorating to be taken up. Plans were made for future meetings and a lively discussion took place. A two-course dinner was served members and a few guests.

ONE-ACT PLAY AT CLASS PARTY

"Why We Never Married," was the title of a clever sketch presented by fourteen members of Beare's Bible class, First Reformed Church, at the home of Mrs. Edwin Buck, N. West St., Thursday evening.

Mrs. Buck opened her home to forty-five members of the class. After the business session, games and contests were amusing entertainment.

Mrs. Buck served a salad course, assisted by Mrs. Clarence Haffield, Mrs. Edward Lang and Miss Nellie Watkins.

TRINITY PASORANGE SCENE OF MARRIAGE

Miss Madeline Luella Gibson, Bellbrook, and Mr. Harold C. Rogers, Dayton, were married by the Rev. V. F. Brown, pastor of Trinity M. E. Church, Thursday afternoon at 1:30 o'clock. The ceremony was performed at Trinity parsonage, E. Main St.

The couple was unattended. Mr. and Mrs. Rogers left immediately for Dayton where they will reside.

Mrs. H. C. Aultman, N. Detroit St., was an invited guest when Mrs. C. E. Oxley entertained her music club at her home in Cedarville, Thursday afternoon. Twenty-five women attended the program on "American Composers." A delightful musical program was given followed by a two-course luncheon.

Mrs. Pahl Owens, S. Galloway St., spent Thursday with Mr. and Mrs. J. W. Clifford, Springfield, formerly of this city.

Mrs. Edgar Hilton, Jamestown, has resigned her position as operator at the Jamestown Bell Telephone exchange.

Robert Russell, 15, Ross Twp., had the index finger of his right hand severed in the machinery of a tractor, several days ago. He was working on the farm of Mr. Elmer Bogart when the accident occurred.

Wilma Jean McCoy, Columbus, is spending the week end with her grandmother, Mrs. Nannie Upp, W. Main St.

Sara M. Chew Missionary Society, Trinity M. E. Church, will hold the annual mite box opening at the church Monday evening. A covered dish supper will be served at 6 o'clock and members are asked to bring a covered dish and sandwiches. Following the supper the mite-box opening program will be given.

Is May 9th

From time immemorial and among all peoples, the children of man been taught to pay reverence and honor to her who gave them birth.

In the cycle of years we have come again to the month of May when the mother of your children each as if she were the flower of flowers, and will fill your life with joy and enlarge your manhood.

MOTHERS' DAY

It is not necessary to be great to be happy; one need not be rich to be and generous. No matter whether you are rich or poor, treat your mother the mother of your children each as if she were the flower of flowers, and will fill your life with joy and enlarge your manhood.

Go where you will, achieve what greatness you may or commit what you will, rise to heights of distinction or fall to depths of misfortune—her and her heart will ever be open to receive you. As long as she lives you have one sincere friend—your mother.

If there is beneath the stars a figure of complete and perfect purity, that of a mother holding to her bosom her child.

No word of the Great Master is of more importance to this generation than his mandate, "Suffer little children to come unto Me and forbid them not."

Children are our most priceless possession, and a country that does not recognize this simple truth is doomed to decadence and ultimate extinction. Blessed is the mother who gives children to her country and thrice blessed is the country that receives them. Women who are not privileged to have children of their own can render a splendid service by helping the little mothers who are many and who need support.

Our nation will not perish as long as it keeps alive the fire of its devotion to mother, home and country—the sweetest trinity locked in hearts of men.

Now, therefore, by virtue of authority in me vested, I, Vic Donahey, Governor of the State of Ohio, do hereby proclaim Sunday, May 9, 1926 as

MOTHERS' DAY

and urge that the day be appropriately observed in the churches, homes everywhere in our commonwealth.

On this day let us wear flowers for the living and flowers for the mother who have passed to the other side. In addition to floral manifestations, however, let us give material gifts also to mothers whose means are sparse, and as far as possible, visit mother on Mother's Day as a token of our devotion and during affection.

IN TESTIMONY WHEREOF, I have hereunto subscribed my name and caused the Great Seal of the State of Ohio to be affixed this first day of May in the year of our Lord, one thousand nine hundred and twenty-six.

ALLEGED CHICKEN THIEF BOUND OVER FROM MAYOR'S COURT

Charged with grand larceny in connection with a number of chicken thefts in Greene County, William Riley, alias William Smith, 40, colored, E. Church St., was bound over to the grand jury by Mayor John Prugh when he pleaded guilty Friday morning.

In default of \$500 bond, he was remanded to the County Jail. Police were furnished with a clue that led to Riley's arrest by a Xenian who is reported to have seen the man drive up to a local poultry house in a covered buggy and dispose of chickens on various occasions during the past two weeks. Becoming suspicious of his actions, he notified police, who traced Riley through his pay checks.

He is specifically charged with stealing eleven fowls from Davis Elam, Union Neighborhood, April 29, to which he also confessed. He was connected with this robbery when he admitted ownership to a pocket flashlight found after his arrest. Riley was in a hurried flight from the hen house on the evening of the robbery.

Disposing of the chickens in Xenia, Riley is said to have accepted checks for money under the assumed name of William Smith. These were later identified as having been cashed at a Xenia bank.

CAESARCREEK HIGH SCHOOL NOTES

Using many amusing stories to bring home his points and advice on their work in life, the Rev. Sonberg, Wittenberg College, Springfield, addressed graduates of Caesar Creek High School and an audience that taxed the capacity of the school auditorium Thursday night.

Diplomas were presented by H. L. Sams, superintendent, to the following graduates: Chancellor Miller, Louise Thomas, Earl Smith, Harry Pickering, Grace Middleton and Wanda Lewis. A \$200 scholarship to Wilmington College was presented to Miss Grace Middleton class valedictorian. A \$175 scholarship to Cedarville College was presented to Harry Pickering.

Teachers and members of the board of education were seated on

the platform with the graduates. The stage was decorated with a background of pink roses and red buds. Music on the program was furnished by the school orchestra. Invocation was pronounced by the Rev. Mr. Clark. Louise Thomas gave the class history, Wanda Lewis, the class will; Harry Pickering, the class prophecy and Grace Middleton, valedictory. Benediction was pronounced by the Rev. Mr. Chancellor.

Eighth grade graduation exercises will be held at Caesar Creek Friday evening. Pupils will present a program including a play. High school certificates will be received

SIX TIMES as many Paige cars have already been sold this year as were sold in the same period a year ago.

Three times as many Paige cars have been built and sold in these first four months as were sold during the entire year of 1925.

And ten—yes, twenty times as many men and women are clamoring for this car as ever before aspired to Paige ownership. Throughout all America—the pendulum is swinging to Paige!

The amazing fact that a Paige can now be bought for nearly a thousand dollars less accounts for some of this increased popularity.

But there is also the infinitely more

significant fact that a great many shrewd motor-wise buyers are turning from cars priced much higher to this less costly but equally capable Paige.

And why not? No car is more beautiful. None is more carefully built of higher quality materials. No engine is more modern, more efficient than the powerful and economical Paige-built motor. No finer 4-wheel brakes are to be had. No list of essential or desirable motor car features can anywhere be found that will add to a more impressive total than those built into this satisfying car.

We will gladly arrange for you to drive this tremendously popular Paige entirely without obligation.

Miss Eurlia B. Chamois, head of the TOBACCO PROHIBITION DEPT., has asked Congress for a special appropriation of \$8,000,000 to conduct tests of Corn-silk, Grape Leaves and Mullen to determine whether these substitutes for tobacco contain over 1-2 or 1 percent Nicotine. The tests will be carried on at 10 different points in the country at the same time and under direct supervision of agents from the TOBACCO PROHIBITION DEPT.

Why Just ONE Day? And Other Thoughts

While I'm willing to grant that National Recognition of the "Second Sunday in May" as MOTHER'S DAY is a splendid institution, it seems to me that a mighty happy gesture would be to "make a resolve to make EVERY DAY IN THE YEAR a Mother's Day." Certainly there are hundreds of us who forget more often than we remember the wonderful woman who dared the "shadows" to give us life, raise us to man and womanhood and who then when we leave the home fireside for far-off fire-sides of our own lapses back to seek the lonely solace of her "memories."

Does the average man or woman past 25 years of age, visit, write, talk or REMEMBER their mothers as much—as they SHOULD?

Isn't it a fact that we men are the WORST offenders? Isn't it pretty generally acknowledged that a girl always calls where he mother lives "HOME" while a boy generally feels that what HE establishes, where HE lives is "home?" I've noticed this in many many cases but for the life of me, I can't finger a GOOD reason for this.

Pretty near ALWAYS the boy gets LOTS more attention and favors than "the girls" in a family get. Just as soon as he gets to the gallus and long pant stage, he commences to sprout the idea that he wants to tear out "on his own" and he generally DOES! And MOTHER is a memory—a sweet one doubtless, but not so NECESSARY to him as she is to his sisters.

And MOST of the time he forgets! EXCEPT on MOTHER'S DAY!

But does his MOTHER forget any day in the year?

DOC. SAYRE.

A Selfish Gift —mebbe!!

If your Mother lives way, way off and you remember her by a beautiful assortment of STATIONERY and tell her to USE it in writing to YOU—it's a dirty trick! You ought to be glad to get a letter from her written on wrapping paper. Still SHE may not look on it that way. You can't always tell. (We have PLENTY of beautiful Stationery too.)

Poor, Poor Adam And Eve!

Nowadays the daughters of EVE REQUIRE TWO COMPLEXION Creams! One an oily, CLEANSING cream and the other for a powder base. The way these Sun Goggles on that auto trip! They keep out wind, dust and insects out are not protection at ALL agin FLAPPERS. These goggles know when to quit. They cost 50 and 75c. Come in all sizes.

Are you PREPARED For Grand Children?

When your grandchild comes home some night (1948 A. D.) from week-ending on Mars and says: "Say, ole dear, what did YOU do back in 1926 to have a good time? Got any pictures to show me?" What will YOU SHOW HIM?

A Kodak should ALWAYS be worn openly by EVERYONE on a picnic and—WE GOT 'EM for SALE! Also Films, Scrap-Books and Everything ELSE you'll need. Take plenty Pictures NOW and you can SHOW that grandchild!

Don't Fret—You Won't MISS Nothin'!

You can see just as much, get in just as much trouble and make just as many new friends even if you ARE equipped with these Sun Goggles on that auto trip! They keep out wind, dust and insects out are not protection at ALL agin FLAPPERS. These goggles know when to quit. They cost 50 and 75c. Come in all sizes.

NEVER use 'em on a BOY!

If he wants to use 'em HIM-SELF why that's all right but you can make a kid sore for LIFE if you INSIST on him using a nail brush! Little girls are different—naturally! Grown folks ALL need them occasionally and science claims that to insure long life to your nails, they should be brushed VERY regularly! We've got a dab of a brush at 15c a copy.

This is the time of year these little devils start laying plans to invade your pantry, sugar-jar and ice-chest. It's also the time they take their honey-moon trip. And believe me these ANTS do "raise their boys to be soldiers!" Now we carry Peterman's an ant powder which is bullet, tear-gas and bombs to these dudes! It makes 'em QUIT or GO AWAY. Costs 15c can.

NEVER Have Mothers Been YOUNGER!

The 20th Century, 1926 model for Mothers is certainly vastly different from those of 20 years ago! The modern mother or grandmother while she may not have learned ALL the Charleston steps, certainly NEVER neglects her TOILET TABLE and some little up-to-date conceit for it is sure fire for ALL of them. And we WANT them this way too.

THE WASTE BASKET

OUR civilization is to be judged just as much by our waste-baskets as by our sky-scrapers. Indeed the musings of the great philosophers will be given over to this wide-mouthed receptacle of tagends just as much as to the more substantial and spectacular inventions and creations of man; it will inspire reflections not to be drawn from pyramids and subway tunnels and steam engines. The waste-basket is an institution universal and permanent. Thrones and altars may crumble, but all the frills and fineries of these vanishing works of man find their resting-place in the waste-basket. Empires flourish, and in the end come to nothing in the waste-basket of time. The waste-basket has outlived the inexorable laws of the Medes and Persians; it will remain at last to receive all the discarded hopes and strivings of mankind.

Human progress is to be understood only in the light of what is tossed thoughtlessly or dropped with a sigh into the waste-baskets of the world. Their contents yesterday, today, and for all time to come, are the true index of human progress. It is by what we discard, as truly as by what we utilize, that we shall be judged.

The musing of the Great Philosopher on waste-baskets is tinged with pathos. These ultimate repositories of human endeavor are often filled with fond aspirations come to naught; with hopes built on shifting sands, with ends of time spent on tasks bright in promise but meagre in fulfillment. Unfinished labors of love are here, and scraps of endeavors which should never have been begun. These things discarded come from the hands of school children and teachers; from housewives and mothers; from artists and artisans; from princes and paupers and statesmen and prophets. And yet, the Great Philosopher will assure us, there is no need for discouragement.

The hope which is grudgingly surrendered to the waste-basket is but supplanted by a better one; the plan which finds its way into the waste-basket beside the litter of a day, begets another plan, another dream, one less imperfect than those that went before. For it is by discarding the imperfect and ever building anew that civilization has supplanted savagery.

A ELASTIC CODE

A teacher who interrogated pupils in three New York high schools gives the moral code which the pupils have worked out for themselves.

They hold that stealing physical property is wrong, cheating in examinations and forging a parent's name are ideally wrong, but excusable under stress of circumstances; misrepresentation in business is normal, except as directed against one's partner or employer; cheating in school work, such as copying another's composition or problem and handing it in as original, does not stamp a boy or girl as dishonest and is occasionally indulged in by all but saints or eccentrics; a lie is wrong only when told to injure someone, it is right to tell a lie to save from unpleasantness.

This is quite an elastic code and tends to make life easier if not better. Is it representative of latterday thought not only among school pupils but in later life? If it is a characteristic only by saints and eccentrics to be honest the outlook for the future is not good. But youth likes to think itself cynical and to appear worse than it is. It may be that these pupils wished to make the teacher believe they were a desperately depraved lot. That one should not cheat a partner, or employer but might another is a confusing mixture of honesty and the opposite. Roosevelt is credited with having discharged a cowboy who stole for him by declaring that one who stole for him would also steal from him. When one may cheat only under stress of circumstances, it is possible that most circumstances may become stressful.

The code is not such as can be commended if the future men and women are to be entirely trustworthy. That it represents the practices of too many adults in this generation is probably too true.

ROMANCE REMAINS

LITERARY critics who read the trend of modern literature as indicating the passing of romance are reading against the truth. Romance came early into the world, and it will stay late. From time to time literature may wander after now gods and romance may temporarily be laid aside, but not for long. Man invariably takes it back again to his heart when he craves the warming thrill that nothing else in writing can give.

The Muse that holds sway over romance has made for herself a place from which no assaults by the so-called realistic or psychological or any other school can oust her. Romance has rendered man great service by cheering him in time of depression, by firing him to heroic action, by stirring him to high idealism, by shortening his hours of weariness. Other kinds of literature will not replace it, because they can't.

Love that couldn't be destroyed
Howsoever it was annoyed;

Love that every selfish fault
Seemed to strengthen and exalt;

Love surpassing every other—
Take this tribute, little mother.

Love that paid no heed to jeers,
Never minded hurt or tears;

Love that all things understood,
Clung to hope and prayed for good;

Love that sinning couldn't
Smother—

Take this tribute, little mother.

Love that suffered much and
smiled
Lost the man but kept the child;
Love that always saw in me
Charms the world could never see;

Love, shared only with a brother—
Take this tribute, little mother.

Love that gave but seldom asked,
Love that never too much was
tasked;

Never faltered, never strayed,
Though but carelessly repaid;

Love, surpassing every other—
Take this tribute, little mother.

CENTRAL HIGH LAWN
BEING BEAUTIFIED

Lawn surrounding the Central High School building is to be further beautified by planting of shrubbery according to Principal Spencer Shank.

Shrubbery which formerly decorated the grounds of the old Central High building is being removed to the new grounds and through the co-operation of the Xenia Garden Club and efforts of Central High P.T.A., new shrubbery is to be purchased to complete the layout and supplement the old.

Plans for beautifying the school lawn were sent to Ohio State University at Columbus. University officials are completing a design for re-location of the shrubbery.

BRIDGE REPAIRED
ON HOME AVENUE

Temporary repairs to the floor of the concrete bridge spanning Shawnee Creek at the termination of the Home Ave. paving, were completed Thursday morning by employees of the county.

Heavy vehicular traffic had torn a hole in the bridge floor and made rough spots. It was not originally constructed or re-inforced to withstand the wear and tear of heavy trucks and automobiles.

County Commissioners may authorize the building of a new floor soon, it is said.

SIDELIGHTS

ON

Greene County History

SILVERCREEK TWP.

Silvercreek Twp. was organized on the same day with Ross, Mar. 4, 1811. Eastern third of the county was divided between these two townships on that day. Ross included the northern part and Silvercreek the southern half.

According to an order of commissioners on that date, the newly created Silvercreek Twp. was cut off of Caesarocreek Twp., one of the four original townships of the county organized May 10, 1803.

Township is about eight miles square. Line between Silvercreek and Ross Twps. as established in 1811, has never been changed.

As a result the Silvercreek of 1811 included all its present territory, all of the present Jefferson Twp. and a strip of the present New Jasper Twp. about a mile in width.

New Jasper was set off June 9, 1853 and Jefferson Twp. June 9, 1858, creation of the last-named township decreasing the size of Silvercreek by more than half. There has been no change in the limits of the township since organization of Jefferson in 1858.

VOICES

There is no sound that so vibrates in the heart as does that of a human voice. And when it has kindness, sweetness, beauty, love mixed in its elements there is nothing to compare with it.

Long after those we have known and loved have passed to silent lands, or have been long separated there remains that voice.

I still have the clearest memory of my mother's voice, though it is now nearly 20 years since I last heard it. But it had all the beauty of spring in it, all the fragrance of a flower in its colorful accents.

A physical beauty in a measure fades away, but the beauty of a well modulated voice only grows with the years. It may carry youth all the way through its journey.

And all the strength of trial and test, of sorrow, of disappointments, run along with the human voice. No matter what expression you may give to your face, you cannot disguise your voice. Its genuineness and sincerity—or the opposite—stand out. For the voice is what

you are. It isn't so much what you say as how you say it, or rather, how you feel it.

The gentle voice is the voice of a gentleman.

The voice of a leader is always one earning respect. Half the course of history has been directed by a voice.

Blindfold the dog and yet he knows "his master's voice." There are no two voices in the world exactly alike.

A pleasing voice is greatly to be preferred to a handsome face or a highly educated mind.

Voices are the strings upon which great character plays its tunes. Nobility, strength, fineness, love are all echoed from the voice.

HOW TO STOP
BOILS!

There's only one way to stop boils. Stop the cause of boils! That's common sense—isn't it? All right. Boils thrive because the blood gets so weak in healthy, red cells that it can't throw off the impurities that get into the body. There's not enough rich, red blood to purify the system.

Now—S. S. S. builds back the blood to fighting strength. S. S. S. builds red-blood-cells—builds them by the millions! Boils dry up!

S. S. S. is the thing. Impurities that cause boils and other skin eruptions can't stand up against the rich, healthy, red blood that S. S. S. builds. That's all there is to it.

Stop boils with S. S. S. It's the way. Get it at any druggist. The larger bottle is more economical.

Here is quality in appearance, quality in construction, and ESPECIALLY quality in performance—and the LOWEST PRICE ever placed on a Nash 4-Door Sedan.

RESERVES TO OBSERVE MOTHER'S DAY IN NEXT SUNDAY'S FRACAS

Sunday afternoon's game between the Xenia Reserves and the Springfield Millard Clothiers at Washington Park will be dedicated to Mother's Day and following his annual custom, Manager Brockman is extending a cordial invitation to all mothers to attend the contest free.

Despite the vaunted strength of the Reaper City team, Reserves are hopeful of stretching their winning streak to three games Sunday.

Manager Brockman announces that either Curt Free or Arthur McPherson will be sent to the mound in an effort to achieve victory. Free has won both the first two games.

Local fans had a glimpse of McPherson, the team's ace in the hole, last Sunday when the Pennsylvania

hurler pitched the final inning. His exhibition was impressive for the speed ball artist struck out three straight Cincinnati Cardinal batsmen.

Fans are anxious to see more of his work and there is little doubt that McPherson will pitch at least part of the Sunday game.

Millard Clothiers have proved to be no mean opponent on the diamond this season as many nines in this section of the state have found out to their sorrow. The team is easily the second best in Springfield and probably the strongest to be scheduled by the Reserves this season.

MIAMI UNIVERSITY DEFEATS ANTIOCH

Miami University's baseball nine obliterated Antioch College for the second time this season, routing Coach Prugh's hopefuls this time by a score of 20 to 0 on the Oxford diamond Wednesday afternoon.

Miami had a field day at bat simply murdering the ball. No Antioch twirler was effective against the home team and the slaughter could not be checked.

Antioch was defeated by Miami in the first game of season, failing to score even one run. Wednesday the Oxford crew duplicated its previous performance but batted out a greater number of runs.

BOWERSVILLE WILL PLAY SPRINGFIELD TRAMPS ON SUNDAY

Favored by good weather, the Bowersville Bayliffs will face the Springfield Tramps at Bowersville Sunday afternoon in the opening home game of the season. Game will start at 2 p. m. standard time.

Bayliffs were to have played the Tramps two weeks ago but rain and cold weather necessitated postponement of the contest.

Bowersville defeated the Reaper City nine 2 to 0 last year with Thurman Wical on the mound. Wical twirled a no-hit, no-run game.

The Greene County team no longer has Wical's services and Sunday's class should be a close one. Either "Lefty" Ballantyne, Hood of Canfield will pitch for the Tramps with Wilson completing the battery. Wells may hurl for the Bayliffs. He pitched his team to an easy win last Sunday and if the old "soup bone" is in good condition, another victory is hoped for.

Bayliffs have split even in the matter of victories and defeats in two starts this season. Xenia Reserves won from Bowersville and then the Bayliffs defeated the Washington, H. Athletics last Sunday.

BOWLING

Only minor shakeups in the standing in the three divisions resulted from Thursday night's games in the singles of the city individual bowling tournament. Tourney is nearing a close. Class A and Class B bowlers have but one more week of play and Class C artists three weeks.

Donley won two from Malavazos in Class A, losing the last game in a roll off when the contest resulted in a tie at the end of the regulation ten frames.

Brickie totalled 605 to win three straight from Short in Class B. Frame took two from Harry Jordan in Class C.

"Not Possible To Classify"

By Mack Sauer

CONTRIBUTION FROM "I WON'T TELL 'EM"

Backward, turn backward, O Time, in your flight, make me a drunk again just for tonight! Lager, come back from that old brewery store, fill me again as in wet days of yore; kiss with your froth my brow, furrowed with care; make scant my clothing, my cupboard make bare; as pay for my drinks, my coat and watch keep. Rock me to sleep, Lager, rock me to sleep.

Backward, flow backward, O tide of strong beers! Make my wife tell more, make her shed tears, tell without recompense, tears all in vain, take away my children but give beer again I am willing to starve, to die and decay, willing to fling my soul wealth away, willing to sow trouble for others who reap. Rock me to sleep, Lager, rock me to sleep.

Tired of prohibition, let me soak through and through. Lager, O Lager, my thirst calls for you; many a summer the grass has grown green, blossomed and faded, since beer I have seen; yet with strong yearning and passionate pain long I to-night for your presence again. Come from the long distance across the great deep. Rock me to sleep, Lager, rock me to sleep.

Out of my heart in the days that are flown, my Lager beer love forever has shown, no other worship so abides and endures; trouble nor ills no Lager beer cures; nothing like Lager creates so much pain, then leaves a soul sick with disordered brain; like a serpent enticing, Lager, a watch o'er me does keep. Rock me to sleep, Lager, rock me to sleep.

Come back, Lager, I'll give you my gold, while hugging beer kegs again as of old; let me soak more my body tonight soaked and soiled till the morning light, let me see snakes and dire shadows once more; come again those dire visions of yore; let wife and children continue to weep. Rock me to sleep, Lager, rock me to sleep.

Lager, dear Lager, the years have been long since I drank beer sufficiently strong; come back and into my soul it shall seem prohibition has been but a dream, with me clasping a stein in loving embrace, with beer flooding and sweeping my face, never hereafter to wake or to weep. Rock me to sleep, Lager, rock me to sleep.

My Matrimonial Vacation

by VIOLET DARE

AUTHOR OF "The Half-Time Wife," "The Husband Tamer," "One Wife on Approval," etc.

WHO'S WHO AND WHAT'S HAPPENED

NANCY LARRABEE remains in New York with her mother. VIRGINIA, when her husband, JIM LARRABEE, who is an army officer, goes to the Philippines on foreign service. Disillusioned after six months of marriage when she sees another woman in her husband's arms, she plays the social game as her mother dictates, in her relationships with.

FRANK HARRISON, a wealthy man twice her age, and NICHOLAS WAYNE, whom she really likes.

TODAY'S INSTALMENT

XVIII—ANOTHER TANGLE

It WAS quite late when I got home that night. After we finished our visit to Jordan's yacht Nick wanted me to go somewhere and have supper and dance a while with him, so it was well after midnight when at last I reached our apartment.

Virginia and Frank Atwood were sitting in the living-room, waiting for me.

"Where have you been?" demanded Virginia.

Ordinarily I would have been annoyed at her tone, but she had looked so sad as she sat there when I first came in that I couldn't be cross with her.

"Oh, just out with Nick," I answered, too busy over concealing the other facts to think of camouflaging that one.

"But I've asked you not to go with him; I don't approve," Virginia exclaimed, with a glance at Frank.

"Really, Nancy—"

"Oh, don't scold her," Atwood interrupted. "We'd hoped you'd come early enough to go out to supper with us at the White Horse Tavern," he went on to me. "Your mother hasn't been there yet, and I thought she'd enjoy it."

There was something about that remark that sounded almost paternal. He might have been my father. Virginia noticed it too. She glanced up at him sharply, and her face looked less sad.

"Well, let's do tomorrow night," I urged. "That's just as good a time, isn't it? I'd love to go. Virginia would love the Tavern. How nice of you to think of taking us there!"

I wanted to be sure of her being included in the invitation. If only he would fancy her instead of me! Once more I was arranging other people's love affairs—then, this time they were mine too!

Virginia went out to our little kitchenette then and got supper, while I set the table and told Frank Atwood how clever she was. As a matter of fact, Virginia, loathe cooking, but I knew that he liked good food—and besides, she is a good cook when she wants to be.

He went down to his own apartment finally, delighted with the way the evening had turned out, and I went to my own room, longing to tumble into bed and try to straighten out my thoughts. But Virginia followed me, and insisted on my sitting up while she brushed my hair and saw to it that everything was all right.

I realized that she wanted to know all about where I had been, and to find out if she could just how much I liked Nick.

"I can't see why you persist on going around with that young fellow when every one is sure to talk about you, and think that his wife divorced him just because of you," she said fretfully.

"But I didn't even know him before she got a divorce," I protested.

"People won't believe that. If we had more money gossip wouldn't hurt you at all—in fact, it's likely to be rather a good thing for a girl, nowadays, under some circumstances," she went on. "But you simply mustn't be talked about."

"Well, I shan't be," I'd noticed a letter from Jim, on my dressing-table, and was wishing she'd leave me alone so that I could read it. "Not while I have you and Frank Atwood to look after me," I couldn't resist adding.

Virginia actually blushed.

"Mr. Atwood is very much interested in you," she said.

"Not half so much as he is interested in you," I answered. "Really, Virginia, I never knew you to be so blind before. You're the one who's all the attraction to him—I'm not in it at all!"

"Men of his age always like younger women," she protested.

"But you're barely forty, and look younger," I answered. "Face the music, Virginia. You can't tell me that that man sat here all evening just because he thought I'd be home later."

She went to her own room very soon after that—I knew she would. A woman always wants to be alone.

Virginia looked very sad.

with the thought of a new love affair when it first comes to her. I curled up in bed with all the lights out but the one on the table beside me, with Jim's letter in my hand.

All the night noise of the city came to me—the hooting of tugs on the river, the rumble of trucks in the street, the hammering and chopping made by the men who were shovelling snow, and breaking up the ice that covered the sidewalks. It had been rainy all day, following a hard snowstorm of the day before, and an army of men would work all night, making the city streets passable.

I thought of all that—and of how far away my husband was, in a land of sunshine. What was he really doing there? Would his letter tell me?

It did—at least partly.

"Living conditions here aren't at all what they might be," he wrote. "But I'm in luck. The Eatons have drawn a very decent house, and Claire urges that I live with them. Says it's as easy to look after two men as one, and will keep her from setting lazy. So I've taken over two of their rooms, and really feel that I have a home again."

I could see Claire Eaton, purring like a contented kitten, as she supervised the making of that arrangement. How long would it be before Jim wrote, wanting to break completely with me, I asked myself.

REPLEVIN SUIT FILED

Harold L. Binnig, an individual doing business as the H. L. Binnig Motor Co., has brought suit against Harry Jackson, in Common Pleas Court for recovery of a Nash automobile, of the five-passenger touring car type, which he alleges is being wrongfully detained by the defendant.

WANTS RECEIVER TO TAKE OVER HATCHERY

Appointment of a receiver to take charge of the defendant's property and assets is asked by R. W. Moore in his suit filed in Common Pleas Court against Clarence S. Gifford.

Plaintiff claims he gave the defendant \$1,527.80 to conduct a chicken hatchery near Jamestown and that the money was to be used in equipping the hatchery.

Defendant agreed to equally divide the proceeds of the business until the amount the plaintiff had invested was repaid, petition recites.

Defendant has neglected the affairs and the business is in danger of being lost, plaintiff contends in asking that a receiver be appointed. Marshall and Marshall are attorneys for the plaintiff.

There's a new and inexpensive cream called Flyte that is easy to apply—will not stain—yet after you've used it for four days your freckles are all gone—simply melted away.

Women have waited long for a real freckle remover and now they can obtain it at Sayre's Drug Store or any live up-to-date drugist anywhere with the distinct understanding that if it fails your money will be returned.

And after your freckles are gone you'll find that your skin has improved—it will be cleaner, clearer and more youthful looking. Ask for a jar of Flyte. —Adv.

CUPLE MARRIED IN XENIA GAVE FALSE DATA SAY PARENTS

Suit to annul the marriage of Helen Sweigart, 16, Tipppecanoe City, and Wilfred Brown, has been filed in Miami County Common Pleas Court by the girl and her parents, Reuben and Cora Sweigart.

The petition alleges that the defendant induced Helen Sweigart to leave her home in Tipppecanoe City with him April 4, 1926, and that he took her to Xenia April 5, where he obtained a marriage license by misrepresenting the girl's age and residence.

It is also alleged that Brown never consulted the parents of the girl in regard to marriage or obtained their consent.

The plaintiffs declare the marriage was a mistake and not for the best interests of the girl.

Brown gave his address as 560 W. Second St., Dayton. The girl's address was given as Zimmerman, O., in obtaining the license here.

STUDY EMBALMING FROM OLD MUMMIES

PITTSBURGH, Pa., May 4—

Modern science may disclose the secrets of ancient science when Douglas Stewart, director of the Carnegie Museum here, attempts to remove the coverings from an Egyptian mummy by using the X-ray.

A tightly wrapped body of a baby, found in a tomb which had long been buried and on which another tomb had been built, was brought here by Stewart from Egypt.

The mummy was discovered by Prof. Edouard Naville at Abydos and dates back to the early days of the Ptolemaic period.

By taking X-ray pictures of the mummy, Stewart believes the secret of the ancients' burial and preservation of the body will be disclosed.

"With the X-ray examination we hope to ascertain the age of the child," Stewart told the United Press. "By discovering the arrangement of the body in the wrappings, the period of its burial can be determined and possibly the secret of the Egyptians' method of burial."

The most powerful electrical arrangement obtainable has been assembled and work will start as soon as the equipment can be put in working order, Stewart said.

PAUL HOOK INJURED SEVERELY WHEN CAR HITS AUTO AT PIQUA

Bernice Garrison, 20, Sidney, Dies After Collision

Miss Bernice Garrison, 20, Sidney, is dead and Paul Hook, Greenville formerly of Xenia, is in Memorial Hospital Piqua, seriously injured, as a result of a crossing accident at 9:45 o'clock Thursday night, when their coupe was demolished by a westbound Dayton, Covington and Piqua car on the Covington Pike near the Piqua corporation line.

Both were removed to Memorial hospital where Dr. J. F. Beachler said Hook had sustained a fractured skull. He is unconscious, but will live.

Miss Garrison died Friday. She had compound fractures of both legs, her face was lacerated and she also received internal injuries. Both were employed at Greenville. Hook worked at the Welschberger drug store and Miss Garrison was employed in the J. C. LaBelle restaurant in that city. They were en route to Piqua at the time of the accident.

Conductor E. M. Herr and Motorman E. F. Rudy were in charge of the traction car. Rudy is quoted as saying Hook was racing a second automobile and drove directly upon the tracks in an effort to pass it. The line penetrates the exact middle of the highway at that point.

Another eye-witness informed police that the traction car had no headlight and that Hook apparently failed to notice the approaching car when he tried to pass the machine.

The coupe was tossed about sixty feet over a fence into a plowed field and Miss Garrison was extricated with difficulty after being pinned beneath the wreckage. Several windows of the electric car were shattered in the collision and the car was derailed.

Paul Hook moved from Xenia about five years ago. He was first employed at Springfield and later went to Greenville.

His father and mother, Mr. and Mrs. Thomas Hook, live on E. Church St., Xenia. Three brothers also live in Greene County, Del Hook, Washington St., Xenia, Roy, New Jasper Pike, and Fred, Xenia.

JURIES WILL PROBE PRISON CONDITIONS

CHICAGO, May 7.—With three of the seven convicts who escaped from the Illinois State Penitentiary at Joliet Wednesday, still at large today, two county grand juries plunged into an investigation of conditions at the penitentiary which made possible the dash to freedom and the murder of Deputy Peter Klein.

The grand jury of Will County at Joliet, which happened to be touring the penitentiary when the convicts made their spectacular escape, probed prison rules of conduct in an effort to explain why it was possible for the seven men to gain access to the warden's office at one time.

The Cook County grand jury here in Chicago, meanwhile was asked to investigate charges of political corruption and an alleged "traffic in prison pardons and paroles."

WOMAN INJURED IN CRASH GETS \$2,500

Dr. A. B. Kester, Xenia dentist, must pay Mrs. Frances C. Laist, wife of Professor T. F. Laist, head of the Antioch College lumber research department, \$2,500 for permanent personal injuries sustained in an automobile accident in December, 1925, a jury in Common Pleas Court decided Thursday afternoon.

Verdict for that amount was rendered at 4:15 p. m. after a deliberation of two hours and a quarter. Ten jurors concurred on the verdict. Jury was composed of six women and six men.

The trial lasted three days. Mr. Laist sought \$10,852 damages for alleged personal injuries, damage to her automobile, medical service fees and a smaller amount because she was deprived of the use of the machine for a period of several months.

OHIO WOMEN VOTERS DISCUSS ISSUES AT TOLEDO CONVENTION

TOLEDO, May 7.—Discussion of international issues today, marked the second opening of the seventh annual convention of the Ohio League of Women Voters.

The convention, which would concentrate on some panacea for national and international evils, namely war. The prohibition also marked the opening discussions.

During the morning the nominations committee made its report recommending re-election of all incumbent officers. These include: Miss Sybil Burton, Zanesville, president; Mrs. Malcolm L. McBride, Cleveland, vice president; Miss Agnes Hilton, Cincinnati, second vice president; Mrs. W. E. Henderson, Columbus, third vice president; Miss Grace R. Peters, Columbus, secretary and Mrs. Freeman Eagleson, Columbus, treasurer.

Candidates nominated for two year terms trustees included Judge Florence E. Allen, of the Supreme Court.

For one year terms: Mrs. H. L. Hartline, Sandusky and Mrs. Fred Hoyle, Cambridge.

FARMS ARE BOUGHT TO BUY RESERVOIR

CHARDON, O., May 7.—The Akron city waterworks project to form a large reservoir in the upper Cuyahoga River territory in Geauga County, is going forward through the purchase of farms south of Burton.

The state has ordered Akron to increase its water supply, and the city has voted millions of dollars for the purpose. Many farms have already been purchased in Troy township through which the Cuyahoga River winds and other farms are under option. Several have already been purchased.

The project includes the building of a great dam in the southwest part of Troy, which would flood all the Cuyahoga Valley back for fifteen miles into Huntsboro township and together with other dams would make the largest body of water in Ohio.

UNEMPLOYED RIOT AT NEWFOUNDLAND

Two May Die Result Of Burns Sustained When Blast Occurs On Water—Ship Makes Port In Record Time

CLEVELAND, O., May 7.—A boiler in the engine room of the freighter Mataafa, plying Lake Erie, twenty-two miles north of Cleveland, exploded early today, scalding three seamen, two perhaps fatally.

The wounded men were rushed to the marine hospital here. They were E. H. Galt, 27, of Conneaut, Ohio; John F. Schwiske, Port Huron, Mich., both stokers and J. G. Brock, 23, Detroit, a coal passer.

Call and Schwiske were so badly burned it was necessary for Captain C. J. Kearns to cut their clothing from their bodies and cover them with oil.

After administering first aid, Captain Kearns headed the boat for Cleveland and guided only by fog signals, reached port in record time. The Mataafa put out from Conneaut Light yesterday for Duluth. It was her first trip of the year. Call and Schwiske were at their places when a tube in boiler No. 1 let go, hurling them across the boiler room and deluging them with scalding water.

Brock, making his maiden trip as a seaman, was standing in the door of the boiler room. He was showered with searing water.

Captain Kearns and other en-

gineers could advance no reason for the blast, U. S. inspectors were called in for an inquiry.

In 1905, the Mataafa, when 500 hundred feet off shore at Duluth, crashed her after-ventilators taking in considerable water and causing the death of several seamen.

Felton was suspended ten days ago after Attorney General Crabbe formally charged him with "permitting and encouraging" operation of Park Mutual machines at Beulah Park, Grove City.

Felton did not tender his resignation directly to the governor but through acting Mayor A. D. White, of Grove City, who in turn forwarded it to the governor through Jas. N. Linton and David C. Sharpe, Felton's counsel.

Two attorneys appeared at the office forty minutes after the trial was scheduled to start. The reason given by Felton for his resignation, was to "relieve the chief executive of this unwarranted embarrassment in which he has been placed through no fault of his own."

Shortly after being notified of Felton's action, the governor ordered dismissed all charges against him, pointing out that he no longer had jurisdiction in the case. Attorney General Crabbe was completely surprised by Felton's action and said the next step in his campaign against race track betting will be taken when "I have recovered my mind."

Crabbe did not state whether charges would be filed against White, who since being appointed acting mayor, also has been charged with allowing gambling at Beulah Park.

Mrs. Sarah L. Hite, 52, passed away at her home in Port William, Thursday evening at 8 p. m. She had been ill two weeks with a complication of diseases.

She was the widow of W. M. Hite, prominent stockbuyer of Port William. Mrs. Hite resided in Port William twenty-five years, moving there from Jamestown, where her family resided. Her maiden name was Sarah L. Dalby.

Surviving are three sons, C. D. Hite, Jamestown; A. A. Hite, near Paintersville; Oscar S. Hite, Dayton and one daughter, Mrs. Homer Ellis, near Morrow, O.

Funeral services will be held at the residence Saturday at 2 p. m., central standard time. The Rev. H. C. Gillespie, Baptist minister, Wilmington, will have charge. Interment will be made in Port William Cemetery.

CRISIS IMMINENT IN STREET

RAILWAY STRIKE AFTER RIOTS

Motorman Injured In Akron When Strikers Pelt Rocks at Trolley Car—Arrests Follow—Will Picket Shops

AKRON, O., May 7.—Following a night interspersed with violence, a crisis in the Northern Ohio Power and Light Company street railway and interurban strike appeared imminent today.

During the night several men said to have been strikers, fired shots and hurled bricks through the windows of a speeding interurban car. The motorman, Fred Connors, of Harberton, was injured slightly. Shortly after Connors reported the incident, Arnold G. Castell, a striking motorman was taken into custody and a score of other strikers were placed under surveillance.

The disorder followed a mass meeting of 300 striking employees at the Harberton shops, according to police.

The strikers meeting was understood to have resulted in the issuance of orders to picket the N. O. P. shops, the picketers to be assisted by their wives and daughters. This was not confirmed, however.

The Kenmore shops today took on a wartime aspect. Giant lights have been mounted on the buildings and barbed wire has been stretched around the grounds.

A dormitory for the non-strikers who are attempting to operate the cars have been provided. The Kenmore shops are the company's largest and house most of the company's cars.

The walk-out was ordered in protest to a decrease in wages.

Akron city service was practically normal today, but no attempts were being made to operate the interurbans. Fifty of 500 strike breakers, who applied for jobs, have been hired.

CONSIDERATION OF

NESBITT MURDER IS

BEFORE GRAND JURY

New Attorney May Help

Defense If First

Degree

TROY, O., May 7.—Having disposed of its routine business the Miami County grand jury today began consideration of the case of Jacob Nesbitt, self-confessed wife slayer whose indictment on either first or second degree murder charges, is expected early next week.

Simultaneously it was reported unofficially that in the event Nesbitt is indicted on first degree charges, it was said, L. H. Shipman, his attorney, personally will ask for the services of Haines.

If he is indicted on a lesser charge, he is expected to plead guilty.

Seven witnesses were scheduled to appear before the grand jury today. These include the parents of Nesbitt's slain wife, Mr. and Mrs. Charles Drake and their son.

Mrs. Nesbitt was murdered last February. Nesbitt confessed he slew her during a "red rage" after she had nagged him.

OVER ELECTRICITY

ST. MARYS, O., May 7.—(UP)—With their home in New Bremen wired for electric lights, Mr. and Mrs. J. Henry Sollman, who have just observed their sixtieth wedding anniversary, still cling to the old-fashioned kerosene lamps such as they used in the first year of their married life.

They have formed an attachment for the lamps they cannot shake.

With coal in the shed they burn wood in their heating stoves. He is 85 and she is 83. This spring Mr. Sollman planted his entire garden.

The wife takes care of the house, doing her own cleaning and cooking.

EXONERATED ON ONE

CHARGE; TRIED AGAIN

STEUBENVILLE, May 7.—Although he was found guilty on an indictment charging him with the joint murder of Robert Herron and the latter's sister, at their farm home near here, John Cook, negro, will be tried on a separate charge of murdering Herron. It was announced today.

The jury which exonerated Cook returned its verdict late yesterday. The Herron's were slain last winter. Robert Herron was slain with a mattock. His assailant then strangled his sister and hanged her from a rafter of the farm house.

"UNCLE JOE" CANNON RECEIVES

REPORTERS ON 90TH BIRTHDAY

DANVILLE, Ill., May 7.—Joseph Cannon, the fighting Irishman from Illinois whom everybody calls "Uncle Joe," rolled out of bed and dressed this morning, set his old hat at a rakish angle, lighted the proverbial seven inch stogie and strolled out to join in the city's celebration of his ninetieth birthday.

Uncle Joe walked down the front steps of his home to greet the newspaper men and photographers who had flocked into the town. The man who won the title of the "Iron Duke of American Politics" looked much the same as on that day in 1923 when he voluntarily retired from his duties as congressman.

"Uncle Joe" as usual greeted the newspaper men cheerfully, and strolled on down to the corner drug store.

The climax of the celebration came at 2 p. m. when "Uncle Joe" was serenaded by radio from New York.

"Uncle Joe" has really retired from politics. He leaves no doubt of this. Unlike other "retired politicians" he refuses to comment on any affair of state, and professes ignorance of the problems which are troubling congress at present.

CRISIS IMMINENT IN STREET RAILWAY STRIKE AFTER RIOTS

Motorman Injured In Akron When Strikers Pelt Rocks at Trolley Car—Arrests Follow—Will Picket Shops

AKRON, O., May 7.—Following a night interspersed with violence, a crisis in the Northern Ohio Power and Light Company street railway and interurban strike appeared imminent today.

During the night several men said to have been strikers, fired shots and hurled bricks through the windows of a speeding interurban car. The motorman, Fred Connors, of Harberton, was injured slightly. Shortly after Connors reported the incident, Arnold G. Castell, a striking motorman was taken into custody and a score of other strikers were placed under surveillance.

The disorder followed a mass meeting of 300 striking employees at the Harberton shops, according to police.

The strikers meeting was understood to have resulted in the issuance of orders to picket the N. O. P. shops, the picketers to be assisted by their wives and daughters. This was not confirmed, however.

The Kenmore shops today took on a wartime aspect. Giant lights have been mounted on the buildings and barbed wire has been stretched around the grounds.

A dormitory for the non-strikers who are attempting to operate the cars have been provided. The Kenmore shops are the company's largest and house most of the company's cars.

The walk-out was ordered in protest to a decrease in wages.

Akron city service was practically normal today, but no attempts were being made to operate the interurbans. Fifty of 500 strike breakers, who applied for jobs, have been hired.

CONSIDERATION OF NESBITT MURDER IS BEFORE GRAND JURY

New Attorney May Help Defense If First Degree

TROY, O., May 7.—Having disposed of its routine business the Miami County grand jury today began consideration of the case of Jacob Nesbitt, self-confessed wife slayer whose indictment on either first or second degree murder charges, is expected early next week.

Simultaneously it was reported unofficially that in the event Nesbitt is indicted on first degree charges, it was said, L. H. Shipman, his attorney, personally will ask for the services of Haines.

If he is indicted on a lesser charge, he is expected to plead guilty.

Seven witnesses were scheduled to appear before the grand jury today. These include the parents of Nesbitt's slain wife, Mr. and Mrs. Charles Drake and their son.

Mrs. Nesbitt was murdered last February. Nesbitt confessed he slew her during a "red rage" after she had nagged him.

PARLIAMENT WILL CONTINUE SESSION IN SPITE OF STRIKE

Communist M. P. Is Imprisoned For Seditious Talk

LONDON, May 7.—The general strike has reached government houses but parliamentary business will go on.

Speaker Whitley in the house of commons revealed the state of affairs to the house of commons.

"I regret to announce," he said, "that men in several important services have withdrawn. I will not allow any body of persons to disable the house. We will continue business without any buses or electric light."

The speaker also informed the commons of Shapurji Saklatvala's arrest and imprisonment for two months yesterday on a charge of making seditious statements in a Hyde Park speech last Saturday.

Saklatvala is the only communist member of parliament. Laborites began protests which threatened to interrupt the business of the commons but Whitley quickly stopped the discussion.

Hot heads among the laborites in parliament reflect discouragement and violence as the government's ability to deal with strike by force became more apparent.

Sir Arthur Holbrooke referred to disorders among workers in Acton today.

David Kirkwood, a radical laborite, rose in a rage, denounced Sir Arthur and the conservatives generally and charged them with exaggerating disorders.

Jack Jones, the usually genial but sometimes fiery labor member for Silverton, followed his precedent on such occasions, by inviting any conservative member in the house to come outside and fight.

Other laborites asserted the strikers were not responsible for the disorders, which were described as pure hooliganism.

The debate revealed Dr. Alfred Salter, a labor member was dragged from his car last night while motoring in Battersea.

MENACE TO COUNTRY BY RIOTS ADMITTED NOW BY GOVERNMENT

Protection Offered Strikers Who Will Return To Work

LONDON, May 7.—The British cabinet met today to consider the strike situation. The cabinet meeting was in the premier's room in the house of commons.

LONDON, May 7.—(2 p. m.)—The government today admitted the seriousness of the violence menace which threatens Great Britain as an outgrowth of the general strike.

"Feeling is very strained, but there is little change in outward conditions in the situation," the official statement announced today.

"Constables had to be called out last night to augment the regular police but the police are maintaining complete control of the situation. Approximately 25,000 additional volunteers signed up for service yesterday bringing the total to 75,000."

The price of rioting rose today as the authorities sought to check the angry spirit which was becoming manifest.

A striking bus driver was fined \$25 in Southwestern police court for scattering nails to puncture tires.

Two months at hard labor was given a striking meat porter at the Mansion House. He was charged with obstructing student volunteers meat porters.

Strikers in Darlington sought to hold up a truck loaded with the Northern Echo, a newspaper. The driver stepped on the gas scattering the crowd.

The government communique at midday added there was some further improvement in rail and bus service in London but the improvement was most marked in the provincial cities.

In reply to queries of workers seeking to return to work," said the communique, "the government states it is prepared to afford protection for workers in all trades. No settlement of the strike will be agreed to by the government which does not provide complete guarantee for the protection of workers who have gone back to their jobs."

HULL, England, May 7.—Organized gangs roamed the streets today driving buses back to their garages. Meanwhile the authorities determinedly attempted to reorganize transport. There was grave menace of serious trouble.

CITY WILL DEMAND REPAIR OF STREETS FOR RAIL FRANCHISE

Proposition of the renewal of the franchise of the Dayton, Springfield and Xenia Southern Railway Co. for interurban traction service to Dayton, deadlocked for the past two years, is expected to come to the attention of City Commission at its meeting next Thursday night.

Principal bone of contention which has held up the grant for the past two years was refusal of the company to accept a franchise to continue Xenia local traction service on S. Detroit and E. Main Sts. alleging it was a financial failure.

This point of controversy was removed when Federal Judge Smith Hickenlooper recently authorized the concern to discontinue the line despite protests of city officials.

Although this stumbling block was successfully hurdled the way is not yet paved for the franchise. Whether it will be granted by the commission hinges on what over-

tures the company may make with reference to re-paving the section of S. Detroit St. which will be torn up by removal of the tracks.

Commission is expected to take the attitude the company must place the street in good condition again at its own expense. This point may be threshed out at the Thursday meeting when company representatives are expected to present a new twenty-five year franchise and submit their proposition for replacing the paving.

It is not believed commissioners will favor any compromise on this point. Continued refusal to grant a franchise may be the commission's only recourse if the company takes the stand the city should help bear the expense of repair work.

City engineers have submitted report of the cost of the project to City Manager S. O. Hale.

The Theatre

The motion picture industry is experimenting with a big factor that has faced other large enterprises—assurance of a ready supply of raw material.

Such material is collected by the Paramount School of Acting, which has just graduated its first "class," and completed its first picture, "Fascinating Youth." The school is an answer to millions of young girls' prayers.

There were sixteen pupils in the first class. Sixteen Cinderellas whose names may be emblazoned throughout theaters of the land in years to come.

Screen personality is the thing the pupils must have," declares Sam Wood who directs the school, and who had charge of the filming of "Fascinating Youth." It's more important than acting—there's no dearth of actors, and it's up to us to give them the experience. One year of the individual training they get here is worth more than almost unlimited amount of the hit-and-miss sort. But what we want is potential stars—when you see just

one flash on the screen, it's got to make you say, "I like that kid!"

Xenia girls, admirers of Richard Dix (and they are legion) will have a thrill of their young lives if they take advantage of his appearance at the Columbus. (O.) Horse Show, May 20, 21 and 22, at the state fair grounds.

Dix will perform at the horse show on horseback, tricks that he did in "The Vanishing American" (wasn't he marvelous!) It is possible that he will appear only one day.

What's the fare to Columbus anyway? Really, that's worth losing one's job not to miss!

CHRIST EPISCOPAL CARD PARTY SUCCESSFUL

Abetted by a perfect Spring day and smiling skies, the party sponsored by Christ Episcopal Church, at the Elks' Club, Thursday afternoon, was one of the most successful affairs, particularly from an enjoyment standpoint, ever held in the city.

Xenia women responded handsomely to the efforts of Mrs. Charles Adair and her committee. Forty-one tables were in play during the afternoon and in addition a number of guests spent the time with their needlework and social conversation. Excellent patronage of the affair insured the church of \$160.00 which will be used as part of the Parish House fund.

Proceeds of the afternoon were swelled by a cake and candy sale conducted by women of the church parish. An air of delightful informality prevailed throughout and guests were enthusiastic in their praise of the party.

Fragrant and delicately tinted Spring blossoms were used in charming profusion about the social rooms. The attractive appointments were also employed in the luncheon course served.

Besides Xenia patrons, the guest list of the afternoon included many from Yellow Springs, Wilmington and Dayton.

Mrs. Adair was assisted in her arrangements for the affair by Mrs. Ralph Hall and Miss Bess Fulton.

Kellogg's ALL-BRAN brings quick, permanent relief from constipation.

Constipation leaves its marks upon the face. Its terrible poisons, which lead to over forty serious diseases, cause pimples, hollow cheeks, sallow skin, circles under the eyes, poor circulation, cold hands and feet. It causes unpleasant breath too.

Rid your body of this frightful disease. Kellogg's ALL-BRAN has brought health to thousands when all else has failed. The reason—it is ALL-BRAN—100% bran! That is why doctors recommend it. It takes ALL-BRAN to be wholly effective.

Try it! If eaten regularly, Kellogg's ALL-BRAN is guaranteed to relieve the most stubborn cases or your grocer returns the purchase price.

Get two tablespoons daily—in chronic cases, with every meal. You will like its nut-like flavor. Try the recipes on every package. Sprinkle it over other cereals.

Kellogg's ALL-BRAN is made by Kellogg in Battle Creek, Michigan, and served by leading restaurants. Sold by all grocers.

DR. W. B. CALDWELL AT THE AGE OF 63

Countless girls and women now know how foolish and needless it is to "purge" and "physic" themselves to avoid sick headache, dizziness, biliousness, sallow skin, colds, or sour, greasy stomach.

They have found that Dr. Caldwell's Syrup Pepsin helps to establish natural bowel "regularity" even for those heretofore chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it never gripes, sickens or upsets the most delicate girl or woman. Besides, it is absolutely harmless and so pleasant that even a cross, feverish, bilious, sick child gladly takes it.

Buy a large 60-cent bottle at any store that sells medicine and just see for yourself.

Is May 9th

From time immemorial and among all peoples, the children of man have been taught to pay reverence and honor to her who gave them birth.

In the cycle of years we have come again to the month of May when flowers in the wildwood, shrubs and trees blossom most profusely as if symbolizing a mother's love which is ever like spring and ever blossoming. It is indeed fitting that in this month, each year, we set apart a Sunday for observance.

MOTHERS' DAY

It is not necessary to be great to be happy; one need not be rich to be generous. No matter whether you are rich or poor, treat your mother the mother of your children each as if she were the flower of flowers, and will fill your life with joy and enlarge your manhood.

Go where you will, achieve what greatness you may or commit what error you will, rise to heights of distinction or fall to depths of misfortune—her love and her heart will ever be open to receive you. As long as she lives you have one sincere friend—your mother.

If there is beneath the stars a figure of complete and perfect purity, that of a mother holding to her bosom her child.

No word of the Great Master is of more importance to this generation than his mandate, "Suffer little children to come unto Me and forbid them not."

Children are our most priceless possession, and a country that does not recognize this simple truth is doomed to decadence and ultimate extinction. Blessed is the mother who gives children to her country and thrice blessed is the country that receives them. Women who are not privileged to have children their own can render a splendid service by helping the little mothers who are many and who need support.

Our nation will not perish as long as it keeps alive the fire of its devotion to mother, home and country—the sweetest trinity locked in hearts of men. Now, therefore, by virtue of authority in me vested, I, Vic Donahey, Governor of the State of Ohio, do hereby proclaim Sunday, May 9, 1926 as

MOTHERS' DAY

and urge that the day be appropriately observed in the churches, homes everywhere in our commonwealth.

On this day let us wear flowers for the living and flowers for the mother who have passed to the other side. In addition to floral manifestations, however, let us give material gifts also to mothers whose means are sparse, and as far as possible, visit mother on Mother's Day as a token of our devotion and during affection.

IN TESTIMONY WHEREOF, I have hereunto subscribed my name and caused the Great Seal of the State of Ohio to be affixed this first day of May in the year of our Lord, one thousand nine hundred and twenty-six.

ALLEGED CHICKEN THIEF BOUND OVER FROM MAYOR'S COURT

Charged with grand larceny in connection with a number of chicken thefts in Greene County, William Riley, alias William Smith, 40, colored, E. Church St., was bound over to the grand jury by Mayor John Prugh when he pleaded guilty Friday morning.

In default of \$500 bond, he was remanded to the County Jail. Police were furnished with a clue that led to Riley's arrest by a Xenian who is reported to have seen the man drive up to a local poultry house in a covered buggy and dispose of chickens on various occasions during the past two weeks. Becoming suspicious of his actions, he notified police, who traced Riley through his pay checks.

He is specifically charged with stealing eleven fowls from Davis Elam, Union Neighborhood, April 29, to which he also confessed. He was connected with this robbery when he admitted ownership to a pocket flashlight found after he had dropped it in a hurried flight from the hen house on the evening of the robbery.

Disposing of the chickens in Xenia, Riley is said to have accepted checks for money under the assumed name of William Smith. These were later identified as having been cashed at a Xenia bank.

CAESARCREEK HIGH SCHOOL NOTES

Using many amusing stories to bring home his points and advice on their work in life, the Rev. Sonberg, Wittenberg College, Springfield, addressed graduates of Caesar Creek High School and an audience that taxed the capacity of the school auditorium Thursday night.

Diplomas were presented by H. L. Sams, superintendent, to the following graduates: Chancellor Miller, Louise Thomas, Earl Smith, Harry Pickering, Grace Middleton and Wanda Lewis. A \$200 scholarship to Wilmington College was presented to Miss Grace Middleton class valedictorian. A \$175 scholarship to Cedarville College was presented to Harry Pickering.

Teachers and members of the board of education were seated on

the platform with the graduates. The stage was decorated with a background of pink roses and red buds. Music on the program was furnished by the school orchestra.

Invocation was pronounced by the Rev. Mr. Clark. Louise Thomas gave the class history, Wanda Lewis, the class will; Harry Pickering

the class prophecy and Grace Middleton, valedictory. Benediction was pronounced by the Rev. Mr. Chancellor.

Eighth grade graduation exercises will be held at Caesar Creek Friday evening. Pupils will present a program including a play. High school certificates will be received

SIX TIMES as many Paige cars have already been sold this year as were sold in the same period a year ago.

Three times as many Paige cars have been built and sold in these first four months as were sold during the entire year of 1925.

And ten—yes, twenty times as many men and women are clamoring for this car as ever before aspired to Paige ownership.

Throughout all America—the pendulum is swinging to Paige!

The amazing fact that a Paige can now be bought for nearly a thousand dollars less accounts for some of this increased popularity.

But there is also the infinitely more

significant fact that a great many shrewd motor-wise buyers are turning from cars priced much higher to this less costly but equally capable Paige.

And why not? No car is more beautiful. None is more carefully built of higher quality materials. No engine is more modern, more efficient than the powerful and economical Paige-built motor. No finer 4-wheel brakes are to be had. No list of essential or desirable motor car features can anywhere be found that will add to a more impressive total than those built into this satisfying car.

We will gladly arrange for you to drive this tremendously popular Paige entirely without obligation.

Why Just ONE Day? And Other Thoughts

While I'm willing to grant that National Recognition of the "Second Sunday in May" as MOTHER'S DAY is a splendid institution, it seems to me that a mighty happy gesture would be to "make a resolve to make EVERY DAY IN THE YEAR a Mother's Day." Certainly there are hundreds of us who forget more often than we remember the wonderful woman who dared the "shadows" to give us life, raise us to man and womanhood and who then when we leave the home fireside for far-off firesides of our own lapses back to seek the lonely solace of her "memories."

Does the average man or woman past 25 years of age, visit, write, talk or REMEMBER their mothers as much—as they SHOULD?

Isn't it a fact that we men are the WORST offenders? Isn't it pretty generally acknowledged that a girl always calls where her mother lives "HOME" while a boy generally feels that what HE establishes, where HE lives is "home"? I've noticed this in many many cases but for the life of me, I can't figger a GOOD reason for this.

Pretty near ALWAYS the boy gets LOTS more attention and favors than "the girls" in a family get. Just as soon as he gets to the gallus and long pant stage, he commences to sprout the idea that he wants to tear out "on his own" and he generally DOES! And MOTHER is a memory—a sweet one doubtless, but not so NECESSARY to him as she is to his sisters.

And MOST of the time he forgets! EXCEPT on MOTHER'S DAY!

But does his MOTHER forget any day in the year?
DOC. SAYRE.

A Selfish Gift —mebbe!!

If your Mother lives way, way off and you remember her by a beautiful assortment of STATIONERY and tell her to USE it in writing to YOU—it's a dirty trick! You ought to be glad to get a letter from her written on wrapping paper. Still SHE may not look on it that way. You can't always tell. (We have PLENTY of beautiful Stationery too.)

Poor, Poor Adam And Eve!

Nowadays the daughters of Eve REQUIRE TWO COMPLEXION Creams! One an oily, CLEANSING cream and the other for a powder base. The way Mrs. Eve dressed, she'd had to buy creams of this sort by the keg. And it would have kept Adam fairly BROKE. If I'd had a drug store in them days I'd have sold Mrs. Eve creams and had her for a steady customer.

Are you PREPARED For Grand Children?

When your grandchild comes home some night (1948 A. D.) from week-ending on Mars and says: "Say, ole dear, what did YOU do back in 1926 to have a good time? Got any pictures to show me?" What will you SHOW HIM?

A Kodak should ALWAYS be worn openly by EVERYONE on a picnic and—WE GOT 'EM for SALE! Also Films, Scrap-Books and Everything ELSE you'll need. Take plenty pictures NOW and you can SHOW that grandchild!

Don't Fret—You Won't MISS Nothin!

You can see just as much, get in just as much trouble and make just as many new friends even if you ARE equipped with these Sun Goggles on that auto trip! They keep out wind, dust and insects out are not protection at ALL agin FLAPPERS. These goggles know when to quit. They cost 50 and 75c. Come in all sizes.

NEVER use 'em on a BOY!

If he wants to use 'em HIM-SELF why that's all right but you can make a kid sore for LIFE if you INSIST on him using a nail brush! Little girls are different—naturally! Grown folks ALL need them occasionally and science claims that to insure long life to your nails, they should be brushed VERY regularly! We've got a dab of a brush at 15c a copy.

Take OFF Such FRECKLES

As You Don't Need!

A sweetly composed face with all the features in lace is NEVER harmed by a judicious sprinkling of a few nicely placed FRECKLES. It adds a touch of something or other that makes it look GENUINE, which is a helpful line of talk to use in selling our Flyte Freckle Cream, which removes such freckles as you don't NEED!

SPECIAL!

Hold An Ant War!

This is the time of year these little devils start laying plans to invade your pantry, sugar-jar and ice-chest. It's also the time they take their honey-moon trip. And believe me these ANTS do "raise their boys to be soldiers!" Now we carry Peterman's ant powder which is bullet, tear-gas and bombs to these dudes! It makes 'em QUIT or GO AWAY. Costs 15c can.

NEVER Have Mothers Been YOUNGER!

The 20th Century, 1926 model for Mothers is certainly vastly different from those of 20 years ago! The modern mother or grandmother while she may not have learned ALL the Charleston steps, certainly NEVER neglects her TOILET TABLE and some little up-to-date conceit for it is sure fire for ALL of them. And WE WANT them this way too.

THE WASTE BASKET

OUR civilization is to be judged just as much by our waste-baskets as by our sky-scrapers. Indeed the musings of the great philosophers will be given over to this wide-mouthed receptacle of tagends just as much as to the more substantial and spectacular inventions and creations of man; it will inspire reflections not to be drawn from pyramids and subway tunnels and steam engines. The waste-basket is an institution universal and permanent. Thrones and altars may crumble, but all the frills and fineries of these vanishing works of man find their resting-place in the waste-basket. Empires flourish, and in the end come to nothing in the waste-basket of time. The waste-basket has outlived the inexorable laws of the Medes and Persians; it will remain at last to receive all the discarded hopes and strivings of mankind.

Human progress is to be understood only in the light of what is tossed thoughtlessly or dropped with a sigh into the waste-baskets of the world. Their contents yesterday, today, and for all time to come, are the true index of human progress. It is by what we discard, as truly as by what we utilize, that we shall be judged.

The musing of the Great Philosopher on waste-baskets is tinged with pathos. These ultimate repositories of human endeavor are often filled with fond aspirations come to naught; with hopes built on shifting sands, with ends of time spent on tasks bright in promise but meagre in fulfillment. Unfinished labors of love are here, and scraps of endeavors which should never have been begun. These things discarded come from the hands of school children and teachers; from housewives and mothers; from artists and artisans; from princes and paupers and statesmen and prophets. And yet, the Great Philosopher will assure us, there is no need for discouragement.

The hope which is grudgingly surrendered to the waste-basket is but supplanted by a better one; the plan which finds its way into the waste-basket beside the litter of a day, begets another plan, another dream, one less imperfect than those that went before. For it is by discarding the imperfect and ever building anew that civilization has supplanted savagery.

A ELASTIC CODE

A teacher who interrogated pupils in three New York high schools gives the moral code which the pupils have worked out for themselves.

They hold that stealing physical property is wrong, cheating in examinations and forging a parent's name are ideally wrong, but excusable under stress of circumstances; misrepresentation in business is normal, except as directed against one's partner or employer; cheating in school work, such as copying another's composition or problem and handing it in as original, does not stamp a boy or girl as dishonest and is occasionally indulged in by all but saints or eccentrics; a lie is wrong only when told to injure someone, it is right to tell a lie to save from unpleasantness.

This is quite an elastic code and tends to make life easier if not better. Is it representative of latterday thought not only among school pupils but in later life? If it is a characteristic only by saints and eccentrics to be honest the outlook for the future is not good. But youth likes to think itself cynical and to appear worse than it is. It may be that these pupils wished to make the teacher believe they were a desperately depraved lot. That one should not cheat a partner or employer but might another is a confusing mixture of honesty and the opposite. Roosevelt is credited with having discharged a cowboy who stole for him by declaring that one who stole for him would also steal from him. When one may cheat only under stress of circumstances, it is possible that most circumstances may become stressful.

The code is not such as can be commended if the future men and women are to be entirely trustworthy. That it represents the practices of too many adults in this generation is probably too true.

ROMANCE REMAINS

LITERARY critics who read the trend of modern literature as indicating the passing of romance are reading against the truth. Romance came early into the world, and it will stay late. From time to time literature may wander after new gods and romance may temporarily be laid aside, but not for long. Man invariably takes it back again to his heart when he craves the warming thrill that nothing else is writing can give.

The Muse that holds sway over romance has made for herself a place from which no assaults by the so-called realistic or psychological or any other school can oust her. Romance has rendered man great service by cheering him in time of depression, by firing him to heroic action, by stirring him to high idealism, by shortening his hours of weariness. Other kinds of literature will not replace it, because they can't.

Just Folks

Love that suffered much and smiled
Love that couldn't be destroyed
Howsoever it was annoyed;
Love that every selfish fault
Seemed to strengthen and exalt;
Love surpassing every other—
Take this tribute, little mother.

Love that suffered much and smiled
Lost the man but kept the child;
Love that always saw in me
Charms the world could never see;
Love, shared only with a brother—
Take this tribute, little mother.

CANNING ASPARAGUS

Asparagus is one of the four vegetables which are hardest to can successfully (the three others being peas, corn and beans—both string and lima). The following directions (in fact, all my canning directions) are based on the assumption that the altitude of the housekeeper's location is below 1000 feet; women living in altitudes above 1000 feet, should increase the time of processing (that is boiling the jars in their wash boiler) at the rate of ten per cent for each additional 500 feet when using the water-bath method.

For the four most difficult vegetables to can, the Intermittent, or Three-Period Method is best. By this method, the jars are processed for one hour on three successive days rather than being processed all on one day, thus the spores not killed by boiling may develop into the easily-killed vegetative form and then be destroyed by the next period of boiling; if spores are present in the jars, they rarely fail to develop and may be destroyed by the third processing. So, by using the Intermittent Method, the housekeeper can be sure that her work will not be in vain. It is more trouble than the One-Period, but it pays.

After washing and tying the stalks in small bunches, hold lower ends in boiling water two or three minutes, then submerge entire bunch in the same water for a moment, and pack hot (not cold) —Cold-dipping is now advised against by the U. S. Government, for the reason that the heat of the water in the canner cannot

HOW TO STOP BOILS!

There's only one way to stop boils. Stop the cause of boils. That's common sense—isn't it? All right. Boils thrive because the blood gets so weak in healthy, red cells that it can't throw off the impurities that get into the body. There's not enough rich, red blood to purify the system. Now—S. S. S. builds back the blood to fighting strength. S. S. S. builds red-blood-cells—builds them by the millions! Boils dry up! S. S. S. is the thing. Impurities that cause boils and other skin eruptions can't stand up against the rich, healthy, red blood that S. S. S. builds. That's all there is to it. Stop boils with S. S. S. It's the way. Get it at any drugist. The larger bottle is more economical.

CENTRAL HIGH LAWN BEING BEAUTIFIED

Lawn surrounding the Central High School building is to be further beautified by planting of shrubbery according to Principal Spencer Shank. Shrubbery which formerly decorated the grounds of the old Central High building is being removed to the new grounds and through the co-operation of the Xenia Garden Club and efforts of Central High P. T. A., new shrubbery is to be purchased to complete the layout and supplement the old. Plans for beautifying the school lawn were sent to Ohio State University at Columbus. University officials are completing a design for relocation of the shrubbery.

BRIDGE REPAIRED ON HOME AVENUE

Temporary repairs to the floor of the concrete bridge spanning Shawnee Creek at the termination of the Home Ave. paving, were completed Thursday morning by employees of the county.

Heavy vehicular traffic had torn a hole in the bridge floor and made rough spots. It was not originally constructed or re-inforced to withstand the wear and tear of heavy trucks and automobiles.

County Commissioners may authorize the building of a new floor soon, it is said.

ON
Greene County History

SILVERCREEK TWP.

Silvercreek Twp. was organized on the same day with Ross, Mar. 4, 1811. Eastern third of the county was divided between these two townships on that day. Ross included the northern part and Silvercreek the southern half.

According to an order of commissioners on that date, the new township of Silvercreek Twp. was cut off of Caesaracreek Twp., one of the four original townships of the county organized May 10, 1803.

Township is about eight miles square. Line between Silvercreek and Ross Twp. as established in 1811, has never been changed.

As a result the Silvercreek of 1811 included all its present territory, all of the present Jefferson Twp. and a strip of the present New Jasper Twp. about a mile in width.

New Jasper was set off June 9, 1853 and Jefferson Twp., June 7, 1858, creation of the last-named township decreasing the size of Silvercreek by more than half. There has been no change in the limits of the township since organization of Jefferson in 1858.

VOICES

There is no sound that so vibrates in the heart as does that of a human voice. And when it has kindness, sweetness, beauty, love mixed in its elements, there is nothing to compare with it.

Long after those we have known and loved have passed to silent lands, or have been long separated there remains that voice.

I still have the clearest memory of my mother's voice, though it is now nearly 20 years since I last heard it. But it had all the beauty of spring in it, all the fragrance of a flower in its colorful accents.

Physical beauty in a measure fades away, but the beauty of a well modulated voice only grows with the years. It may carry youth all the way through its journey. And all the strength of trial and test, of sorrow, of disappointments, run along with the human voice.

No matter what expression you may give to your face, you cannot disguise your voice. Its genuineness and sincerity—or the opposite—stand out. For the voice is what

you are. It isn't so much what you say as how you say it, or rather, how you feel it.

The gentle voice is the voice of a gentleman. The voice of a leader is always one earning respect. Half the course of history has been directed by a voice.

Blindfold the dog and yet he knows "his master's voice." There are no two voices in the world exactly alike.

A pleasing voice is greatly to be preferred to a handsome face or a highly educated mind.

Voices are the strings upon which great character plays its tunes. Nobility, strength, fineness, love are all echoed from the voice.

RESERVES TO OBSERVE MOTHER'S DAY IN NEXT SUNDAY'S FRACAS

Sunday afternoon's game between the Xenia Reserves and the Springfield Millard Clothiers at Washington Park will be dedicated to Mother's Day and following his annual custom, Manager Brockman is extending a cordial invitation to all mothers to attend the contest free.

Despite the vaunted strength of the Reaper City team, Reserves are hopeful of stretching their winning streak to three games Sunday. Manager Brockman announces that either Curt Free or Arthur McPherson will be sent to the mound in an effort to achieve victory. Free has won both the first two games.

Local fans had a glimpse of McPherson, the team's ace in the hole, last Sunday when the Pennsylvania

hurler pitched the final inning. His exhibition was impressive for the speed ball artist struck out three straight Cincinnati Cardinal batsmen.

Fans are anxious to see more of his work and there is little doubt that McPherson will pitch at least part of the Sunday game.

Millard Clothiers have proved to be no mean opponent on the diamond this season as many nines in this section of the state have found out to their sorrow. The team is easily the second best in Springfield and probably the strongest to be scheduled by the Reserves this season.

MIAMI UNIVERSITY DEFEATS ANTIOCH

Miami University's baseball nine obliterated Antioch College for the second time this season, routing Coach Prugh's hopefuls this time by a score of 20 to 0 on the Oxford diamond Wednesday afternoon.

Miami had a field day at bat simply murdering the ball. No Antioch twirler was effective against the home team and the slaughter could not be checked. Antioch was defeated by Miami in the first game of season, failing to score even one run. Wednesday the Oxford crew duplicated its previous performance but batted out a greater number of runs.

BOWERSVILLE WILL PLAY SPRINGFIELD TRAMPS ON SUNDAY

Favored by good weather, the Bowersville Bayliffs will face the Springfield Tramps at Bowersville Sunday afternoon in the opening home game of the season. Game will start at 2 p. m. standard time. Bayliffs were to have played the Tramps two weeks ago but rain and cold weather necessitated postponement of the contest.

Bowersville defeated the Reaper City nine 2 to 0 last year with Thurman Wical on the mound. Wical twirled a no-hit, no-run game.

The Greene County team no longer has Wical's services and Sunday's class should be a close one. Either "Lefty" Ballantyne, Hood or Canfield will pitch for the Tramps with Wilson completing the battery. Wells may hurl for the Bayliffs. He pitched his team to an easy win last Sunday and if the old "soup bone" is in good condition, another victory is hoped for. Bayliffs have split even in the matter of victories and defeats in two starts this season. Xenia Reserves won from Bowersville and then the Bayliffs defeated the Washington, H. Athletics last Sunday.

BOWLING

Only minor shakeups in the standing in the three divisions resulted from Thursday night's games in the singles of the city individual bowling tournament. Tourney is nearing a close. Class A and Class B bowlers have but one more week of play and Class C artists three weeks.

Donley won two from Malavazos in Class A, losing the last game in a roll off when the contest resulted in a tie at the end of the regulation ten frames.

Brickie totalled 605 to win three straight from Short in Class B. Frame took two from Harry Jordan in Class C.

My Matrimonial Vacation

by VIOLET DARE

AUTHOR OF "The Half-Time Wife," "The Husband Tamer," "One Wife on Approval," etc.

WHO'S WHO AND WHAT'S

NANCY LARRABEE remains in New York with her mother, VIRGINIA, when her husband, JIM LARRABEE, who is an army officer, goes to the Philippines on foreign service. Disillusioned after six months of marriage when she sees another woman in her husband's arms, she plays the social game as her mother dictates, in her relationships with FRANK HARRISON, a wealthy man twice her age and NICHOLAS WAYNE, whom she really likes.

TODAY'S INSTALMENT

XVIII—ANOTHER TANGLE

IT WAS quite late when I got home that night. After we finished our visit to Jordan's yacht Nick wanted me to go somewhere and have supper and dance a while with him, so it was well after midnight when at last I reached our apartment.

Virginia and Frank Atwood were sitting in the living-room, waiting for me. "Where have you been?" demanded Virginia. Ordinarily I would have been annoyed at her tone, but she had looked so sad as she sat there when I first came in that I couldn't be cross with her.

"Oh, just out with Nick," I answered, too busy over concealing the other facts to think of camouflaging that one.

"But I've asked you not to go with him; I don't approve," Virginia exclaimed, with a glance at Frank.

"Really, Nancy—"

"Oh, don't scold her," Atwood interrupted. "We'd hoped you'd come early enough to go out to supper with us at the White Horse Tavern."

He went on, to me. "Your mother hasn't been there yet, and I thought she'd enjoy it."

There was something about that remark that sounded almost paternal. He might have been my father. Virginia noticed it too. She glanced up at him sharply, and her face looked less sad.

"Well, let's do it tomorrow night," I urged. "That's just as good a time, isn't it? I'd love to go."

Virginia would have the tavern. How nice of you to think of taking us there!

I wanted to be sure of her being included in the invitation. If only he would fancy her instead of me! Once more I was arranging other people's love affairs—but then, this time they were mine too!

Virginia went out to our little kitchenette then and got supper, while I set the table and told Frank Atwood how clever she was. As a matter of fact, Virginia loathed cooking, but I knew that she liked good food—and besides, she is a good cook when she wants to be.

He went down to his own apartment finally, delighted with the way the evening had turned out, and I went to my own room, longing to tumble into bed and try to straighten out my thoughts. But Virginia followed me, and insisted on my sitting up while she brushed my hair and saw to it that everything was all right.

I realized that she wanted to know all about where I had been, and to like it if she could just how much I liked Nick.

"I can't see why you persist on going around with that young fellow when every one is sure to talk about you, and think that his wife divorced him just because of you," she said fretfully.

WANTS RECEIVER TO TAKE OVER HATCHERY

Appointment of a receiver to take charge of the defendant's property and assets is asked by R. W. Moore in his suit filed in Common Pleas Court against Clarence S. Gifford.

Plaintiff claims he gave the defendant \$1,527.80 to conduct a chicken hatchery near Jamestown and that the money was to be used in equipping the hatchery.

Defendant agreed to equally divide the proceeds of the business until the amount the plaintiff had invested was repaid, petition recites.

Defendant has neglected the affairs and the business is in danger of being lost, plaintiff contends in asking that a receiver be appointed. Marshall and Marshall are attorneys for the plaintiff.

PARTITION WANTED

Partition of real estate is asked in a suit filed in Common Pleas Court by Grover C. Craig against Stephen D. Craig. Both are owners and tenants in common property described in the petition, the plaintiff claims.

Defendant also cut off a certain amount of timber for which he has

New Discovery

Dissolves Freckles

Gone In 4 Days

There's a new and inexpensive cream called Flyte that is easy to apply—will not stain—yet after you've used it for four days your freckles are all gone—simply melted away.

Women have waited long for a real freckle remover and now they can obtain it at Sayre's Drug Store or any live up-to-date druggist anywhere with the distinct understanding that if it fails your money will be returned.

And after your freckles are gone you'll find that your skin has improved—it will be cleaner, clearer and more youthful looking. Ask for a jar of Flyte.

COUPLE MARRIED IN

XENIA GAVE FALSE

DATA SAY PARENTS

Suit to annul the marriage of Helen Sweigart, 16, Tipppecanoe City, and Wilfred Brown, has been filed in Miami County Common Pleas Court by the girl and her parents, Reuben and Cora Sweigart.

The petition alleges that the defendant induced Helen Sweigart to leave her home in Tipppecanoe City with him April 4, 1926, and that he took her to Xenia April 5, where he obtained a marriage license by misrepresenting the girl's age and residence.

It is also alleged that Brown never consulted the parents of the girl in regard to marriage or obtained their consent.

The plaintiffs declare the marriage was a mistake and not for the best interests of the girl.

Brown gave his address as 560 W. Second St., Dayton. The girl's address was given as Zimmerman, O., in obtaining the license here.

By taking X-ray pictures of the mummy, Stewart believes the secret of the ancient's burial and preservation of the body will be disclosed.

"With the X-ray examination we hope to ascertain the age of the child," Stewart told the United Press. "By discovering the arrangement of the body in the wrappings, the period of its burial can be determined and possibly the secret of the Egyptians' method of

The most powerful electrical arrangement obtainable has been assembled and work will start as soon as the equipment can be put in working order, Stewart said.
